

Happy Tech Week!

Mid-South AALAS Branch—www.midsouthaalas.org

March 2018

Happy Tech Week Everyone!

We hope you had a fun filled Tech Week!

We received a few photos of one facilities' tech week games.

Branch Meeting

The next upcoming Branch Meeting will be held at Southern Research Center in Birmingham, AL. Due to conflict on the dates, it will now be held April 3, 2019. We are still exploring our options for venues for the social the night before.

Calling All TECHS!

Remember last year's Tech Talks? This could be you! Let us know if you are interested in speaking on a motivational subject, team building subject, or teach us about a new procedure by signing up to do a Tech Talk. A 10 minute talk can earn you \$50!

Volunteer

Please let us know of any ideas for volunteering as Mid-South AALAS in your area. Some branch leaders were stating how they did things like free cat and dog nail trims in their neighborhood so that they could discuss how animal research is good and not evil. We are putting together a group to donate hygiene products and supplies to the Warrior Center here in Memphis, TN.
